

## Convenient Online Access

With your busy life, it can be hard to stay on top of your family's health care – even though it's the most important thing of all. Our online patient portal allows you to communicate with us easily and safely – according to your schedule. Using your own secure password, you can log into the online patient portal 24 hours a day, 7 days a week from the comfort and privacy of your home or office.

You don't have to download or install any programs. You can access the patient portal from any computer, tablet or mobile device with internet connection.

**Ask a staff member to learn more about the online patient portal**

## Our Patient Portal Service Allows You To:

- View and request an appointments
- Request prescriptions and refills.
- Communicate with your provider by sending and receiving secure messages.
- View your billing statements or balance and make secure online payments.
- View personal health information and update demographic information.
- Available soon, will also be the ability to retrieve test results.
